Assembly Instructions

FAIRVIEW FITTING DISPLAY CABINET ASSEMBLY INSTRUCTIONS

(XC110-CA Complete with Legs and Shelf)

MATERIALS

Each new Fairview fitting display cabinet consists of the following components:

- (1) empty cabinet shell
- (2) cabinet legs
- (1) lower shelf
- (3) boxes of pre-labeled plastic drawers (110 units), complete with plastic dividers where necessary
- (8) short bolts to secure leg units
- (4) long bolts with nuts for securing shelf unit
- (4) bolt style plastic feet

UNPACKING YOUR NEW FAIRVIEW DISPLAY CABINET

All components necessary to build your new display cabinet are boxed in required quantities and clearly labeled according to their contents. In addition:

- (4) long Bolts and (4) nuts necessary to secure shelf will be found in box labeled "SHELF".
- (8) short Bolts necessary to secure leg sets will be found in box labeled "LEGS" along with (4) bolt style plastic cabinet feet.
- (3) boxes of plastic drawers.

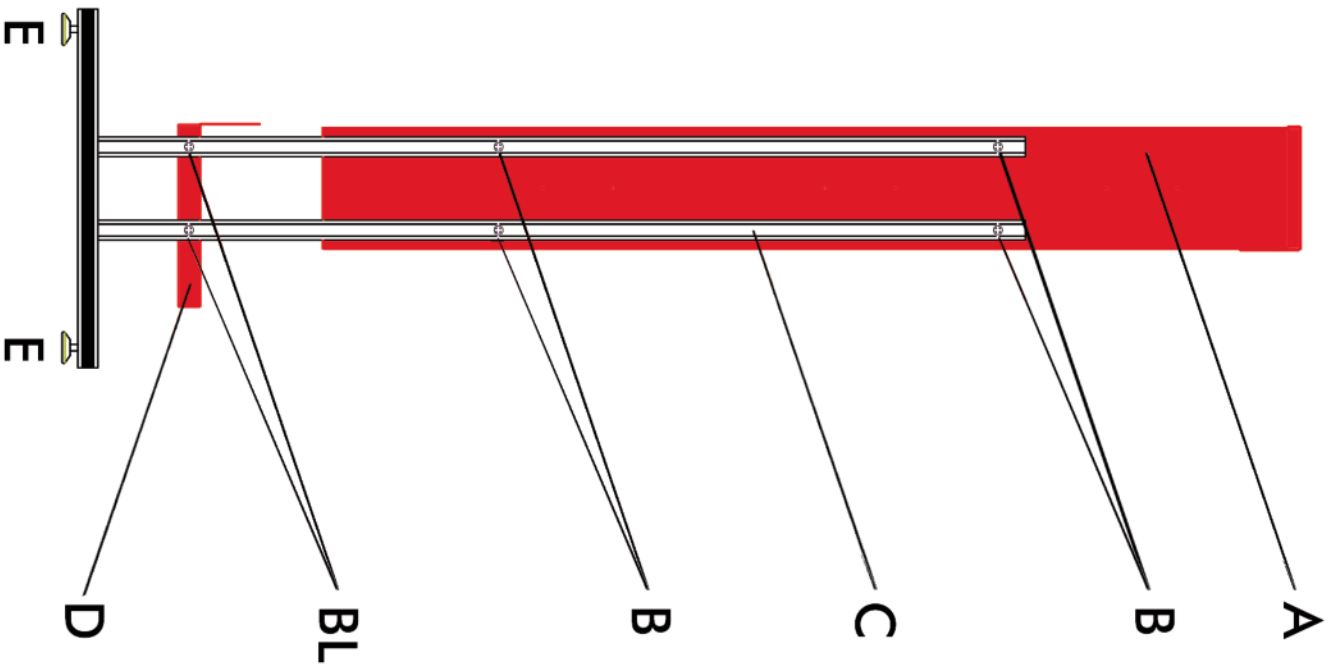

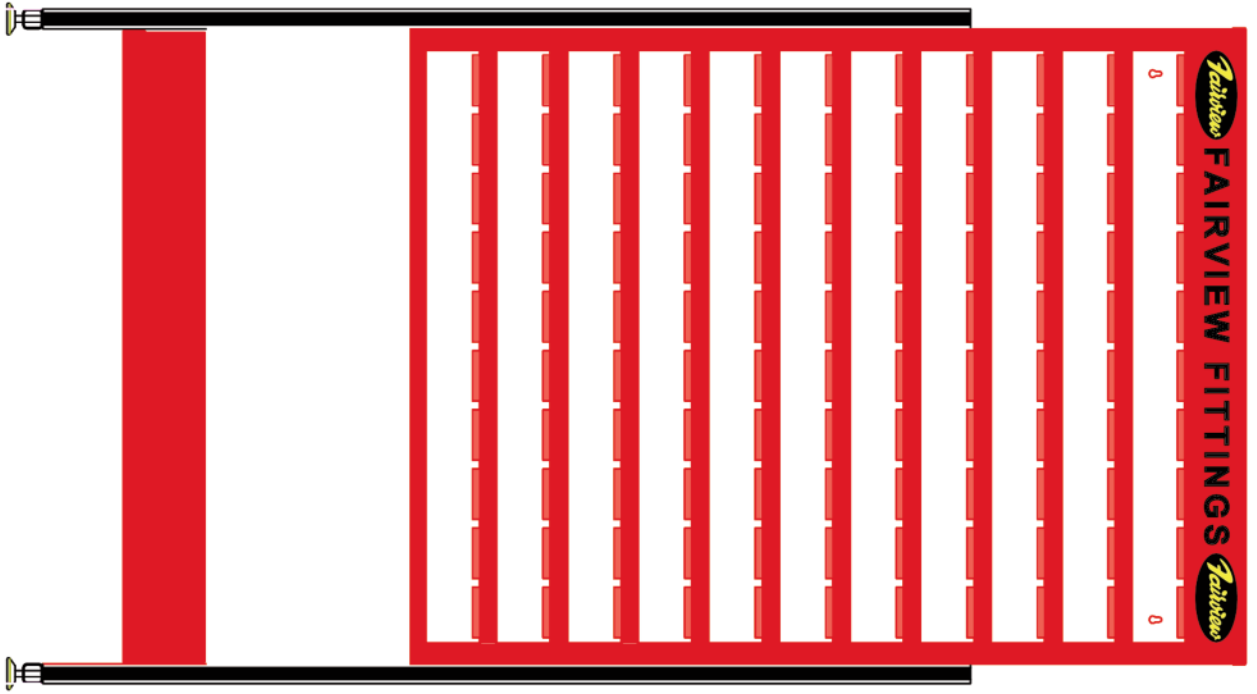

ASSEMBLING YOUR NEW FAIRVIEW DISPLAY CABINET

For best results follow the easy steps to assembly listed below. Refer to DIAGRAM 1 on page 4 as you complete each step.

1. Lay cabinet shell (A) on either side.
2. Attach one leg unit (C) to face up cabinet side using (4) short bolts (B) found in box labeled "LEGS".
3. Attach (2) plastic feet (E) to leg bottoms.
4. Turn cabinet onto other side and repeat steps 2. and 3.
5. Insert and attach shelf unit with (4) long bolts (BL) found in "SHELF" box (shelf lip should protrude on face side of cabinet).
6. Stand cabinet up.
7. Unpack drawers and label with appropriate identification cards.
8. Stock with fittings according to drawings on drawers.

Note: Centre holes are to be left open on the sides of your cabinet. In the event you require another display cabinet at a later date, these holes can be used for the purpose of supporting (2) display cabinets (back to back) with (1) original set of legs if desired.
