

# INSTALLATION DATA SHEET

## T-BOLT HOSE CLAMPS (HC3)

**Applications:** Heavy Duty hose connections. Used on filter bags, pipe, ducting and center joint, irrigation equipment.

Useful where frequent coupling removal is necessary. Can be quickly and easily opened by loosening the nut and raising the hinged latch. This design permits T-bolt replacement. Applicable for couplings of any diameter.

### **Material:**

**BAND:** Stainless Steel

**BRIDGE:** Stainless Steel

**BOLT, TRUNNION AND NUT:** Plated Steel

**Packaging:** 50 AND 100 Piece Cartons.
